To our valued customers:

As inflation continues to be persistent, cost of capital remains at the highest levels in decades, and labor costs show no signs of easing, GCC announces the following price increase:

Effective Date	Product Type	Price Increase
January 1, 2024	Bulk cement, fly ash & specialty products	\$8.00 per short ton
	Packaged products	\$0.40 per bag

For your planning purposes, anticipate a second price increase on **July 1, 2024** with the amount based on cost inputs and inflation to be determined. We will provide you with a 90 day notice.

Finally, GCC will provide notice and pass along any freight rate increases as we learn of them.

Whether you are a longtime customer or new to GCC, we thank you for your support! Please refer any questions to your local Market Manager. Thank you for choosing GCC.
