To Our Valued Customers:

First, we want to express our sincere gratitude for your business. As indicated in our previous price announcement dated August 25, 2023, this letter serves as 90-day notice for a 2024 mid-year price increase.

While inflation is less, it still exists on labor, energy, spare parts and other critical inputs. That is why this mid-year increase is lower than previous years. With that, GCC announces the following price increase:

Effective Date	Product Type	Price Increase
August 1, 2024	Bulk Cement, Fly Ash & all Specialty Products	\$5.00 per short ton
	Any Packaged products	\$0.25 per small bag or \$5.00 per bulk bag

Additionally, GCC will continue to provide notice and immediately pass along any freight rate increases we receive from carriers.

We strive to work together with you to provide resilient materials and more sustainable solutions. Please direct any questions you have to your local Market Manager. Thank you again for choosing GCC.

Best Regards,

Steve Ambrose
