To our valued customers:

Because of continued increases in input costs such as labor, energy, fuel, environmental compliance, transportation and raw materials, GCC prices will increase:

Effective July 1, 2022

Bulk cement, fly ash & specialty products \$8 per short ton

Packaged products \$0.40 per bag

As a reminder, on January 1, 2022, a *\$25 handling fee* for loads that are freight prepaid (paid by GCC) was implemented. Increases in freight rates and fuel surcharges will continue to be reflected in the delivered prices as they occur. GCC will provide notice of freight rate increases as we learn of them.

Whether you are a longtime customer or new to GCC, we thank you for your support! We believe that these changes will help us build a better future together. Please refer any questions to GCC's Customer Service Center at 1-800-CALL-GCC (800 225-5422)

Thank you for choosing GCC.
